Opinion in the lobbies of the Senate and Chamber to-night was about equally divided between a ministry supported by the Radicals, who were responsible for the overthrow of the government, under the premiership of M. Charge With Accepting Money to Use Influence for New County.

Jackson, Miss., December 3.—Mississippi's complicated political situation was further entangled to-day by the arrest at Vicksburg of the State's Lieutenant Governor, Theodore Bilbo, and one of its most active State Senators, G. W. Hobbs. They are charged in indictments with receiving \$200 and agreeing to receive \$2,000 more to use their votes and influence in the next Legislature for passage of a bill creating a new county in the "Delta." Hobbs was arrested at Jackson and Bilbo surrendered at Vicksburg. Each immediately gave bond for \$5,000.

After Bilbo gave bond at Vicksburg to-day he gave out a statement using strong terms against his political enemies, and referring to Governor Early Brower as the "dollar-hearted dummy." When this statement was received here Governor Brewer said: "I have no parley to make with any criminal indicted in the criminal court."

The arrest of Bilbo and Hobbs came as a climax to a series of events that has kept Mississippi stirred for months. Soon after Governor Brewer took office a legislative committee began investigation of the State institutions. The committee still is at work taking evidence. As one result of this investigation nine State officers or former officers have been convicted of criminal charges, and several of them are serving penitentiary sentences. "I have no intention of yielding.
Should this fighting in Mexico continue
for years, I shall continue to do my
